

Every year the parking options for people looking for free or easy parking on campus get worse. Every time Parking Services removes a free lot, or removes our ability to provide free validated parking (as they did last year in the Euclid Autopark by removing parking attendants so Parking Services could save money), it results in a huge yearly revenue loss for the IFS.

Please come, and come despite the fact that Parking Services keeps making it harder for people like you to attend! Don't let them take us away from you. Come for the 35mm films that will not be screened anywhere else in Boulder, come for the special guests, the free events, know we keep our ticket costs low aware most of you will want to park nearby, which requires payment.

Come knowing that your attendance is a political act that makes all the difference for a film program that has been around for 75 years, and hopes to stick around for many more. - Pablo Kjolseth, IFS Director.
